TALK: Thank you for attending tonight, my dark dance party. I picked my favorite new and old songs from various genres and hope you like them. If I was out there I would never leave the dance floor... That is how I chose the songs... Please take care of Maura and Kerwyn, behind the bar, as they have supported me through this night and work very hard to keep this place the classic venue that it is. I would enjoy seeing all of you back here on January 6th for my next show. (I have flyers up here on the stage. Have a dark friend accompany you in the coming year...)
